Partnership Models

Referral Model

Perfect for: Business owners, professionals, and community connectors

How it works:

1. You introduce us to a qualified client
2. We handle all sales, technical assessments, and installations
3. You earn commission when the project closes

Benefits:

- No technical knowledge required
- Minimal time commitment
- Passive income stream
- We do all the heavy lifting

Direct Sales Model

Perfect for: Experienced sales professionals

How it works:

1. You identify and qualify prospects
2. You present our solutions and close the deal
3. We handle installation and technical work
4. You earn higher commissions

Benefits:

- Higher earning potential
- Full sales support and training
- Marketing materials provided
- Technical backup from our team

Commission Structure

---

Why Clients Choose Us

✓ **WMBE/SBE Certified** - Helps clients meet diversity requirements
✓ **20+ Years Experience** - Proven expertise in complex HVAC solutions
✓ **Rebate Specialists** - We handle all rebate applications and paperwork
✓ **Financing Options** - On-bill repayment makes projects affordable
✓ **Full Service** - From assessment to installation to maintenance
✓ **15 Counties Served** - Wide coverage across New Jersey

Getting Started

Step 1: Identify Prospects

Look for businesses or property owners who:

- Have aging HVAC systems (10+ years old)
- Pay high energy bills
- Need system repairs frequently
- Are planning renovations or expansions
- Want to reduce carbon footprint
- Manage multiple properties

Step 2: Make the Introduction

For Referrals:

- Email us at sales@mechanicalenterprise.com with prospect details
- Include: Company name, contact person, phone/email, property type, current situation
- We'll follow up within 24 hours

For Direct Sales:

- Schedule a discovery call with the prospect
- Use our presentation materials (provided after onboarding)
- Arrange site assessment with our technical team
- Present proposal and close the deal

Step 3: Earn Your Commission

- We'll keep you updated throughout the project
- Commission calculated upon project completion
- Payment issued within 30 days of receiving client payment
- Monthly statements showing your pipeline and earnings

Marketing Materials Provided

Once you're onboarded, you'll receive:

- **Digital Brochures** - PDF flyers for residential and commercial programs
- **Email Templates** - Pre-written outreach emails
- **Presentation Decks** - PowerPoint slides for client meetings
- **Case Studies** - Success stories with real ROI data
- **Rebate Calculators** - Tools to show potential savings
- **Business Cards** - Co-branded cards with your contact info
- **Social Media Graphics** - Posts to share on LinkedIn, Facebook
- **Partner Portal Access** - Track your referrals and commissions online

- Monthly partner webinars
- Technical support for client questions
- Sales coaching and strategy sessions

Resources Available

- Partner portal with all materials
- Video library of product demos
- Rebate program updates
- Industry news and trends
- Best practices from top partners

Frequently Asked Questions

Q: Do I need HVAC experience?
A: No technical experience required for referral model. We provide all technical support.

Q: How long does it take to earn my first commission?
A: Residential projects typically close in 2-4 weeks. Commercial projects may take 1-3 months.

Q: Can I do this part-time?
A: Absolutely. Many partners work flexible schedules and earn substantial part-time income.

Q: What if my client has questions I can't answer?
A: Connect them directly with our team. We'll handle all technical questions.

Q: Are there any upfront costs?
A: No. There are no fees, inventory requirements, or startup costs.

Q: How do I track my referrals?
A: You'll have access to our partner portal showing all your referrals, project status, and commission earnings.

Q: What makes a good referral?
A: Property owners or businesses with HVAC needs, decision-making authority, and budget or financing capability.
